

## Information for Transport Partners relation Morocco - daily updates on the vehicle / transport data -

In order to be able to use and dispatch your trucks usefully and in accordance with legal requirements, we need the following information from you daily:

- name of transport partner
- truck number plate
- trailer plates
- numbers of swap bodies
- position 09:00 a.m.
- ETA last unloading point / port
- remaining travel time
- duration of the weekly rest period
- country approval in the truck
- ADR certificate and equipment

This information also ensures that we can use your trucks effectively, so that they also reach the corresponding mileage, as we can plan and plan ahead.

Please report this data daily at 9:00 a.m. with the enclosed Excel table by email to all dispatchers and coordinators on your relation.

Thank you!
