

Security requirements Truck Drivers COVID-19

Clothing guidelines :

1. Long trousers
2. Safety shoes (no sandals)
3. Safety vest
4. Protective mask
5. Gloves

General hygiene rules:

1. Avoid body contact, no shaking hands in greeting.
2. Hand washing several times a day. Carry disinfectants, water canisters, hand soap, paper towels for hand cleaning in the truck.
3. Keep your distance from people with symptoms of the coronavirus. General distance is two meters to other people.
4. Do not sneeze or cough into your hands, but into a disposable tissue.
5. If you have symptoms of the coronavirus, inform your employer and consult a doctor.

Behavior with the customer:

1. Before leaving the truck: disinfect your hands and put on a protective mask!
2. If your drivers are asked to only stay in a certain area, to take part in a fever test etc. we ask you to instruct your drivers to adhere to these requirements and instructions.
3. The exchange of documents should be contactless.
4. When unloading and loading at the warehouses, stay in the truck if possible and do not leave it.
